DRPS

Digital Risk Protection Services

Beyond the perimeter keeping brand and data safe

Digital Risk Protection Service (DRPS) proactively monitors an organization's entire external digital footprint to identify and stop threats like phishing, brand impersonation, data leaks, and cybercriminal activity before they cause damage.

1250%
YEAR-OVER-YEAR INCREASE IN MALICIOUS DOMAINS[1]

3 TIMES
MORE FAKE APP REVIEWS FUELED BY AI IN 2024[2]

1200%
INCREASE IN TEXT & SOCIAL MEDIA SCAMS[3]

923B
FINANCIAL LOSSES FROM COUNTERFEIT PRODUCTS[4]

1 IN 4
ATTACKS TARGET VULNERABILITIES IN PUBLIC-FACING ASSETS[5]

Data Leakage Monitoring

Detect threats early and get real-time alerts on exposed credentials and sensitive data before risks escalates

Stops credit card fraud by exposing stolen card data early

Detects compromised login credentials early

Exposes unauthorized database access using embedded tracking tokens

Scans deep and dark web sources for stolen employee and customer data

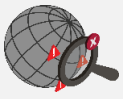
Uncovers accidentally exposed API keys and sensitive code secrets

Tracks threat actors across popular apps, platforms & hidden web forums

Threat Exposure Monitoring

AI-curated threat alerts & external attack surface management

Powers real-time alerts with trusted intelligence tailored to your environment



Hunts exposed credentials, suspicious URLs, and compromised data across 15+ billion records

Enriches threats with TTPs, CVEs, IoCs, and threat actor profiles

Highlights vulnerable assets, trending CVEs, and malware targeting your industry

Online Presence Monitoring*

AI-powered detection & takedown of fraudulent brand use across all digital channels

Identifies and eliminates brand impersonation

Stops global phishing attacks, beyond direct brand mentions

Detects malicious software abusing your brand to spread threats

Continuously tracks unauthorized paid ads exploiting your brand

Blocks fake mobile apps impersonating your brand

*What makes our Takedown unique?

Phishing cases are notified **within 5 minutes**, including all other threats

Fastest takedown with up to **98.5% success rate**, with a 15-day re-takedown guarantee if content resurfaces

On average, **within 9 hours**, harmful sites will be taken down

Online Counterfeit Monitoring*

Identify & remove unauthorized sales and content in popular e-commerce sites to prevent revenue loss

Eliminates counterfeit listings on e-marketplaces

Protects your intellectual property from digital piracy

Stops illegal streaming and unauthorized downloads
